

Kapillarrohr-Thermostat, verstellbar, 1-polig

Thermostat à capillaire, réglable, 1 pôle

Thermostat with capillary tube, adjustable, 1 pole

Typ 55.13...

Typ 55.13...

Typ 55.13...

Schaltschema in AUS-Stellung
Schéma de commutation en position OFF
Switch scheme in OFF position

1-polig, ausschaltend bei steigender Temperatur

1 pôle, coupe lorsque la température augmente

1 pole, switch off by increasing temperature

1-polig, umschaltend bei steigender Temperatur

1 pôle, commute lorsque la température augmente

1 pole, switch by increasing temperature

Technische Kenndaten:

Schaltleistung: 16 A / 250 VAC, 10 A / 400 VAC
Min. Biegeradius Kapillarrohr: 5 mm

Données techniques:

Pouvoir de coupure: 16 A / 250 VAC, 10 A / 400 VAC
Rayon min. de courbure du capillaire: 5 mm

Technical Data:

Breaking capacity: 16 A / 250 VAC, 10 A / 400 VAC
Min. bend radius of the capillary tube: 5 mm
